THE STAINMASTER® CARPET CUSHION ADVANTAGE

EXCLUSIVE BREATHABLE MOISTURE BARRIER

- Keeps most common household spills from penetrating the cushion and subfloor.
- Makes clean-up easy which helps to stop reappearing stains on the carpet.
- Allows damaging water vapors that are naturally emitted by some floors to pass through the cushion and evaporate, helping to protect the cushion from mold and mildew formation.

AVAILABLE WITH ODOR REDUCING OR ANTIMICROBIAL TECHNOLOGY UPGRADES

- Odor Guard technology helps to reduce odors caused by most common household spills and pet accidents that penetrate through the carpet.
- Antimicrobial treatment helps to resist damage caused by bacteria, mold and mildew in the cushion.
